

Li/SOCl₂ Model: ER14505S (AA)

Performance data(at25°C)

Rated capacity (100mA to 2.V).....1600mAh

Rated voltage.....3.6V

Max. Continuous operating

Current.....100mA

Max. Pulse current.....200mA

Battery weight.....19g

Battery dimension..... $\Phi 14.5 \times 50.5\text{mm}$

Operating temperature range ...-0°C~+150°C

Terminals available:

AX-----axial leads

T-----welding pins

P-----plastic plug

Special design is acceptable

Data above is for reference
